2005 ISSC Conference News

January 2005

Happy New Year to all SSS Members and friends!

Did you know?

2005 marks the 40th anniversary of the very first issue of Hazard Prevention (forerunner to Journal of System Safety) that George Peters published in June of 1965. 2005 also marks the 30th anniversary of the first SSS sponsored gathering under the name "International System Safety Conference" held in San Diego in July 1975. Thanks to Rex Gordon (Fellow Member) for these historical SSS facts. Got more facts? Email them to Perry at pedanto@sandia.gov.

Call for Papers

As room permits, we will continue accepting abstracts beyond the January 31 deadline, but to guarantee you a spot in the program and to help us put the program together, please send your abstract soon to Clif Ericson at ISSC2005@aol.com. Additional instructions and deadlines for paper submittals are located in the Conference WEB site at www.system-safety.org.

Registration

Remember, registrants who pay by May 15, 2005, will be entered into a drawing for two roundtrip tickets on Jet Blue Airlines. Drawing to be on May 16, 2005.

Best Ever Off-Site Event - Hornblower Cruise

We've booked a cruise of the San Diego Bay in the Lord Hornblower, a magnificent 151 foot yacht styled after the turn-of-the-century steamships.

Quote of the Month

An expert is a person who has made all the mistakes that can be made in a very narrow field. Niels Bohr

Sincerely,

Perry D'Antonio
Conference Chair

Safety is No Accident
